Form and Content, Structure and Function

It can sometimes be useful to differentiate between form and content in language.
Form or structure is how it is made.
Content or function is what it does.
Write the correct nouns.

function	purpose	structure	substance
shape	appearance	frame	activity
plan	meaning	boundary	outline
framework	action	support	skeleton
physiology	operation	scaffold	psychology
machine	organisation	matter	mind
brain	body	spirit
